## WPA PROJECT DAYS IN HANCOCK CO. ATTRACT MANY TO VIEW WORK

Public See Result of Work Accomplished by the Various Divisions of Workers—Exhibits Self-Endorsement of Projects.

Various departments of Hancock county WPA projects in active force held a two-day exhibit at headquarters (Knights of Columbus Hall) Thursday and Friday of last week, November 3 and 4, to which many thronged the hall space on second floor thru the two doors.

There was an exhibition, by respective booths of work accomplished by the women on the various projects of the division included, in addition to park and forestry survey, plant and animal survey, housekeeping aid, recreation, library, music, sewing, commodity, nursing, social welfare and nutrition.

The work was varied, comprehensive and the arrangement assisted in intelligently viewing the work and enabling one an intelligent insight into the vast work that is accomplished by the people for Hancock county.

Resembling more a section of a great fair, the exhibitions attracted favorable comment and gave ample evidence of the substantial and worthwhile work being accomplished by the various local WPA agencies. It was conclusive that intense work has been carried on and that diligent application was also responsible for the excellent showing.

This is not enough known of the results accomplished by the federal agencies in local communities. A visit to the two-day exhibit proved both informative and educational.

Exhibits were presented by the following named divisions, the name of the worker in charge following:

- Library Project — Miss Louise Crawford
- Sewing Project — Mrs. Gladys Chapman
- Dept. Public Welfare — Mrs. Eunice Casanova
- Recreation — Miss Louise Armstrong
- Nutrition Department — Mrs. Alice C. Buckley
- Forestry Department — Mr. E. J. Geiring
- Plant and Animal Survey — Miss Caro Weston
- Commodity Division — Marcel Toca
- Housekeeping Department — Mrs. A. P. Smith
- Miss Vivian Cook, Hattiesburg, is district supervisor, while Mrs. Christine Farrell, of Biloxi, is area supervisor. Both women visited the exhibit and their praise of the work and results was a definite endorsement.

## VETERAN OF LOCAL BANK FRATERNITY PASSES ON AT THE AGE OF 80 YEARS

Peter Tudury, For Nearly Forty Years Connected With Hancock Bank, Succumbs to the Press of Advancing Years—Many Pay Tribute to His Memory.

Peter Tudury, veteran of the local bank fraternity, passed away peacefully Wednesday morning, November 9, 1938, at 4:30 o'clock, following a two-day illness, at his residence in Main street.

He was a native of New Orleans, aged 80 years, and had been a resident of Bay St. Louis for the past sixty-five years.

For nearly forty years he was actively connected with the Hancock Bank and during that long period had never missed a day at his desk or from behind one of the windows. Only recently he took a week's vacation and it was so extraordinary that it was generally commented on. He was loyal to his post and his interest and time was centered entirely in the bank's interest.

Peter Tudury was a son of the late Cardova Tudury and Catherine Lux, beloved husband of Ida Sancier, father of Henry, Clarence, Theodore and Lillian Tudury. Mrs. Rita Perre of Bay St. Louis, Miss. Mrs. Stella Garcia, Victor and Harold Tudury of New Orleans, La., brother of Mrs. Chalmette Villars, residing on the Covington-Mandeville Highway and Mrs. James Druhan of New Orleans. He was widely connected and well-known

## CHURCH WOMEN TO ASSEMBLE

Tuesday at Episcopal Parish House to Study Book, "The American City and Its Churches"

Beginning November 15th the women of the churches will come together at the Episcopal Parish House to study the book "The American City and Its Churches" by Kincheloe.

The program is as follows:

November 15, Mrs. Frank Levy of New Orleans is the leader with the study of Our Community.

Nov. 16th, Mrs. Faery R. Boyd, leader subject "Our People."

Nov. 17th, Mrs. C. C. McConall, leader subject "Our Problems."

Nov. 18th, Mrs. W. S. Speer, leader, subject "Our Church and Other Agencies."

Let all the women who are interested in our community improvement and mission study assemble themselves each morning at 9:00 A. M. Tuesday, Wednesday, Thursday and Friday. You are cordially invited to be present.

## King's Daughters Hold Regular Monthly Meet At Local Hospital Office

Regular monthly meeting of Bay St. Louis King's Daughters organization was held Monday morning at the local hospital office, with Mrs. A. F. Fournier, president, in the chair. The regular routine business was transacted and the matter of finances discussed. It was revealed the hospital had another busy month. Proposed projects were discussed. Mrs. Fournier, the efficient and enthusiastic president, who is spending a while in New Orleans, came out for the day and made a tour of the hospital in general inspection, with the able superintendent, Mrs. C. E. Craft.

## GARDEN CLUB HOLDS MEETING

Members Hear Lecture by Jas. N. McConnell on Camellia Culture.

An unusual and enthusiastic meeting was held Tuesday night of the Bay-Waveland Garden Club at Hotel Reed, with Mrs. Geo. R. Rea, president, presiding.

Nearly some forty members were present, including Mrs. Alice C. Buckley, vice president; Mrs. Leo W. Seal, treasurer, and Mrs. E. Mogabgab, secretary.

The high spot of the meeting was the address by Mr. James McConnell, member Louisiana Conservation Commission, whose subject was the successful culture of camellias, a subject with which he is thoroughly familiar from personal and actual experience.

Mr. Max N. Kohler, local resident and ardent Bay St. Louis booster, discussed public beautification, and invoking the federal aid for development and permanent maintenance. He said a public park, suggesting a site he felt available, sustaining a garden would prove not only "thing of beauty and joy forever" but would prove an additional source of attraction to the many who visit Bay St. Louis and the Coast as well.

Accordingly, Mrs. Rea and Mrs. Seal were delegated a committee of two to confer with Senator Pat Harrison Friday morning or at some other more appropriate time.

It was noted the club has a number of gentlemen members, with the hope more may join the ladies in their public-spirited work.

The Bay-Waveland Garden Club has the unqualified endorsement of the Board of Mayor and Commissioners as expressed and pledged at a previous meeting by Commissioner H. Grady Perkins.

The Bay St. Louis Rotary Club is sponsoring the garden club and fully co-operating.

Members and others will attend the lecture on roses, to be presented December 7, at the Gulfport Yacht Club, by a noted New York horticulturist-lecturer. Price of tickets, 50 cents.

## SIDELINE PARADE FOR TONIGHT

Monster and Colorful Demonstration to Precede Football Game at S. S. C. Stadium

The members of the Sidelines Club met in the lounge room of St. Stanislaus Wednesday evening and outlined plans for another parade to the stadium for the Pascagoula game.

The plan for to-night's march is similar to the one of two weeks ago. Headed by the Saint Stanislaus band, the cars will form in line on the school campus. The torch bearers will again head the "pep" procession.

At seven-fifteen the parade will move out to the beach, turn at Main street, and then out to the stadium.

Owners of machines are urged to decorate their cars in the school colors—scarlet and black.

All members taking part in the parade should have their tickets ready so as to avoid any delaying at the gate. Tickets may be purchased on the campus, while the cars are being lined.

Sideline members must have their membership card with them to sit on the sideline benches. Anyone without a sideline ticket will not be admitted to the inside of the playing field.

The general public is invited to participate in the gala parade.

## No Services at First Methodist Church Sunday

Due to the pastor, being away, attending annual conference, there will be no services at the First Methodist Church, Main street, Sunday. However, the pastor will be back in due time for regular services the Sunday following, notice of which will be duly announced in the press.

## GAS, — VOTE FOR GAS, — SATURDAY, NOV. 12TH.

THE time has arrived for the voters of our City to go to the polls on Saturday the 12th, day of November, to vote on the question as to whether or not we are to have NATURAL GAS TRANSMISSION AND DISTRIBUTION FOR BAY SAINT LOUIS.

There has been a crying need for a gas system for Bay Saint Louis for the past decades. We are now faced with the fact that if the election carried by a sufficient majority we WILL HAVE GAS.

This is the day and age of competition. In the past we have not been able to compete with our Sister Cities due to the fact that we were without the advantages that a natural gas system offers to summer visitors as well as to ourselves.

We do know that rental values of all properties in Bay Saint Louis will surely be increased. We do know that Real Estate values will be increased. All because of the advantages and comfort that natural gas offers to the general public. We do know that many, many men will be put to work, for a period of about six months when the construction of the gas system begins.

You, the voting public, know that we are doing all in our power to get for Bay Saint Louis a natural gas system. We feel, and the results of the past election conclusively show, that we have the public with us. We firmly are of the opinion that it is necessary for us to have gas if we want to continue to go forward.

We are doing our share, you can do yours by going to the polls at the City Hall on Saturday the 12th, day of November, and vote for GAS. This is your election as well as ours. This election is your responsibility as well as ours. We have done our part; now is the time for you to do yours. If the election does not carry and we consequently do not have gas, the whole responsibility is not ours. We, by ourselves, cannot carry any election. We have to depend on the voting public to carry any election.

We have been asked time and time again when we are going to have a gas system for Bay Saint Louis. We can answer this question by saying that if the election carries by a sufficient majority and you have done your part, we will do all in our power to do the rest.

The natural gas transmission and distribution system for Bay Saint Louis if the election carries, will NOT COST THE TAX PAYER OF THE CITY OF BAY SAINT LOUIS ONE (1) RED COPPER CENT. We obligate ourselves to the public on this statement. Do not be deceived by those against gas of the fact that you will mortgage your homes if you vote for gas. This is not so and we believe that those who are spreading the false rumor are either misinformed or ignorant of the laws under which this election has been called.

TOGETHER we will carry this election. We have done our part. Won't you do yours by going to the polls Saturday and VOTE FOR GAS? A natural gas system is all we need, along with the other improvements already voted upon, to make Bay Saint Louis a City that all will point to with pride.

SHALL WE MEET AT THE POLLS? WE WILL BE THERE. YOU COME AND BRING YOUR FRIENDS AND LET'S ALL VOTE FOR GAS AND VOTE TO MAKE OUR CITY A MORE ATTRACTIVE PLACE IN WHICH TO LIVE.

NOW, REMEMBER IF YOU WISH GAS, THE TIME, PLACE AND DATE TO DECIDE THE QUESTION IS AT THE CITY HALL, SATURDAY THE 12TH, DAY OF NOVEMBER, FROM SEVEN (7) A. M. TO SIX (6) P. M.

Commuters and others who expect to leave the City on the early train, we wish to advise you that the polls will be open and the election Commissioners ready to vote all who wish to do so before leaving.

G. Y. BLAIZE, Mayor.  
W. L. BOURGEOIS, Commissioner.  
H. GRADY PERKINS, Commissioner.

## MARCHY SCHWARTZ TO BE BACK HOME WHEN CREIGHTON WILL MEET LOYOLA WOLVES ON GRIDIRON AT NEW ORLEANS SUNDAY NEXT

By Scoop Kennedy  
In N. O. Item

The Bluejays of Creighton, led by Marchy Schwartz, formerly of St. Stanislaus, Loyola and Notre Dame, make their first appearance in New Orleans next Saturday against the Wolves of Schwartz' ex-alma mater.

There are a number of other "firsts" connected with the game. It is to be the first daylight game of the season for the Pack, the debut of Schwartz as a coach in the city where he has so many friends, the first team using the Notre Dame system to tangle with the Wolves this year in New Orleans, and the first time a football squad from Nebraska has ever played in the Crescent City. The Bluejays are from Omaha.

Creighton is a Catholic school with an enrollment of 2586. Three times the Bluejays have been champions of the Missouri Valley Conference. This year the Jays won three, tied one and lost one, not counting the St. Benedict's game Saturday.

Only blot on their schedule was a 20-13 defeat by West Virginia two weeks ago, the result of a heart-breaking pass interception in the last 10 seconds of play after the Jays had spurned the certainty of a 13-13 tie and gambled for victory via the air from deep in their own territory.

The 29-year-old Schwartz is one of the immortals of Notre Dame football.

He played three years of football, basketball and baseball at St. Stanislaus, winning two letters in each sport and captained the cage squad in his last year. He played first base on the diamond, forward on the courts and quarterback on the gridiron.

Played one year of freshman football at Loyola during the Clark Shaughnessy regime, winning his numerals at halfback. From the Wolfpack he graduated to Notre Dame's eleven with whom he won three letters and was twice named All-American halfback.

In 1930 he was halfback on Knute Rockne's last team. Among his backfield teammates was Larry "Moon" Mullens, who will be his opposing coach in the game Sunday.

Through his high school, freshman and varsity football career Schwartz' teams never knew defeat until the second to last game of his senior year, a 16-14 defeat by Southern California.

He began his coaching career at Notre Dame in 1932 as backfield boss for two years under Hunk Anderson. He served one year with Shaughnessy at Chicago, and has been with Creighton since 1935.

He married an Omaha girl in 1937, and became the father of twins, a boy and a girl, two months ago.

Marchy is expected to bring his wife and twins to New Orleans. On this occasion, Marchy's father and mother will greet their famous grandchildren for the first time.

Whether the twins will get an opportunity to play with Mullins' five children will not be known until after the arrival of the Bluejay coach.

## DRIVE FOR NATCHEZ ORPHANS

Annual Collection for Catholic Orphans of State Announced for Thanksgiving

The two Catholic Orphanages in Natchez depend for their subsistence on the charity of the people of Mississippi. Here on the Coast, a house to house drive for funds is made in every community during Thanksgiving week. In Bay St. Louis the Ushers of the Church and parish of Our Lady of the Gulf take up this collection.

A radio program over station W. G. C. M. will be broadcast by pupils of the two orphanages Sunday, November 20th, from 3:30 p. m. to 4 o'clock. On the morning of the same day, a letter will be read of the Most Rev. Richard O. Gerow, Bishop of Natchez at all the masses. This letter and the radio program will be appeals to the generosity of the people of the coast. It is hoped that this generosity will be very much in evidence Thanksgiving week.

## JUDGE IS ROTARY SPEAKER

Delivers Address on Occasion Armistice Day Program

The local (Rotary) business and professional men's club of Bay St. Louis had Chancellor D. M. Russell as their guest speaker Wednesday of this week, a program observing Armistice Day.

Prefacing his address with a number of anecdotes he dwelt on the ideals of President Wilson and how his League of Nations, which the United States failed to subscribe to by membership, had become to-

day nothing but a mere matter of form and exerting no potency.

He said the war slogan 20 years ago by President Wilson, was "Making the world safe for Democracy," but that many countries did not wish a democracy. Many nations in Europe today rather an autocracy.

He pointed out these and other facts to show how the aftermath of the war had shattered all ideals, hopes and anticipations. The world, he said, is suffering with distrust and suspicion. European countries once grateful debtors, have practically repudiated its just financial obligations.

The resolve of his address was "Let us make America safe for Democracy" and not for the world. We should remain for Americans in America, that the Monroe doctrine would still, if followed, make for our permanency and safety; that we should eschew all foreign entanglements and keep clean of European maelstrom.

Judge Russell was enthusiastically welcomed and his address winning unanimous applause.

Mrs. A. E. Briede, Sr., Waveland-New Orleans, Dies at Latter City

Much sorrow is occasioned by the announcement of the passing of Mrs. Albert E. Briede, Sr., Waveland summer resident, who died at her home, No. 722 Napoleon avenue, at New Orleans, Wednesday afternoon at 1:25 o'clock, a native of that city, aged 69 years.

Mrs. Briede has been ill since the recent demise of her husband, the shock and collapse that followed from which she never recovered. She is survived by Mrs. William J. Curry, Sr., a daughter, and Albert E. Briede, Jr., a son; also by two grandsons, Albert E. Briede, III, and W. J. Curry, Jr.

The funeral will take place in New Orleans this Friday morning, November 11, at 10:30 o'clock, from 1160 camp street.

Mrs. Briede was a most estimable woman and well and widely known; an endearing character. Her passing causes a severe loss to be sustained and the bereaved family have the deepest sympathy of many friends in New Orleans and this section on the occasion of their double bereavement in so short a while.

The Saint Stanislaus Rockachaws meet the Pascagoula Panthers tonight at the Stanislaus stadium. The game is called for 8 o'clock.

The Rocks will have to be in top form, for this contest if they are to protect successfully their undefeated grid record this season against the strong Panthers. St. Stanislaus is also determined to find itself in the win column against Pascagoula who has defeated the Rocks for the past few years.

The Panthers are coming here with a fine eleven that has been defeated only twice this season in eight games. Picaune eked out a 7 to 0 victory over the Panthers, and the G. C. M. A. Cadets won over the Panthers last week.

Both teams will probably have their first stringers in tip-top condition. Four of Pascagoula's regulars were withheld from the last game but by now they should be in first-class condition. Stanislaus, too, has had weeks for the injured to mend-up. Due to Holy Cross's cancellation, the Rockachaws were idle last week.

Coach "Slick" Morton has had his team practicing under the lights several times this week. The team is "raring" to go.

Incidentally, your attention is called to Bill Keefe's comment in the Times-Picayune of yesterday morning:

"That Friday night game at Bay St. Louis between St. Stanislaus and Pascagoula High not only will afford fans a chance to see a good game of football but also a few angles on Toy Bowl prospects. The Rockachaws are undefeated so far and rate as one of the strongest elevens in Mississippi, but they must get by the Panthers for a clean record, and this may be hard to do."

Enough said, come out and see the Rockachaws prove their worth.

St. Joseph Academy Parents' Club have selected Sunday, December 18 for the Christmas Fiesta. Everyone attending the Fiesta last year will remember what a novel and entertaining feature it was, and the many attractive booths and gifts that were on sale. The Fiesta this year is expected to be a great improvement over the success it was last year and the ladies of the club have been busy through the summer months embroidering and sewing for the gift booths. There will be a great assortment of beautifully dressed dolls and toys of other descriptions. Also the hope chest which will soon be displayed will be the envy of everyone who sees it with its hand made linens and the beautiful hand-made comfort that will also be part of the contents which some lucky person will be the proud possessor of.

The entertainment and decorating committees are also hard at work to make the affair more novel and unique even than it was last Christmas. The committee in charge advises everyone to hold up on their Christmas shopping until they see some of the beautiful and inexpensive handmade gifts which can be procured at the fiesta, and thereby help a worthy cause. Remember the date—Sunday, December 18th.

## ARMISTICE—THE LIVING AND THE DEAD.

TODAY—Friday, of this week, the United States celebrates Armistice Day, the anniversary of the end of the World War.

Twenty years have passed since the eventful day in 1918 that the order was given to all armies to cease firing. Now, it appears, the war to end war was not a success. The struggle to make the world safe for democracy seems to have been a failure. Quite recently, the nations of the world were precariously balanced between peace and another frightful struggle.

In recent years, and for various reasons, something of a cynical attitude has developed toward the idealism of the days of the World War. There has been a tendency to forget the great leadership of President Woodrow Wilson and the patriotic service of many millions of Americans. This is, perhaps, a natural reaction to the disillusionment and despair in the face of an ever-arming and increasingly belligerent family of nations.

So far as The Echo is concerned, we are not yet ready to write off the participation of this country in the World War as a total loss. While quite willing, in the face of present conditions, to admit a temporary setback, we still cherish the dream of a warless world, safe for democratic peoples. In the progress of humanity, this end will one day be achieved. And Americans, at least, can take pride in the fact, that in the World War, one nation in the great struggle, in the midst of suffering dared to dream dreams and to see visions.

Quite naturally, our thoughts on Armistice Day turn to the heroes who served their country, and especially do we render homage to the brave ones who perished in the fight. Their sacrifice was not in vain if Americans retain faith in their ideals and if the United States continue to follow a course of unselfish service for all the peoples of the world.

Many of those who gave up life in the service of their country are mourned and missed by loved ones. The departed can do nothing for them, but a grateful people can see that they are taken care of. It is a solemn duty that the nation owes its heroes. It is an obligation that should rest heavily upon their living comrades in arms. Let us, then, on this Armistice Day, revere the dead and take care of the loved ones for whom, unfortunately, they can do nothing now.

## PASSING OF PETER TUDURY.

THE passing of Mr. Peter Tudury, nestor of the Bay St. Louis bank fraternity, is noted with more than ordinary sorrow. For 39 years he was actively connected with the local Hancock Bank and served in the capacity of responsibility for which his ability and unflinching loyalty were best suited.

A native of Bay St. Louis, scion of an old and representative family of this Louisiana-Mississippi section, he had attained a ripe age, long passed the biblical allotment. But advancing years meant no hindrance. A man of ability in more than the ordinary sense, one devoted to his task, of active mentality, he continued his work and carried on practically to the day of his passing.

The deceased was of fine type of citizenship that is rare in this day of mercenary measure and selfish motive. He was truly a gentleman of the old school and his passing removes one whose memory will long live after his passing. His name will ever form part of the annals of this section.

## A GULF COAST LANDMARK GONE.

MISSISSIPPI Gulf Coast lost an old landmark last week when fire destroyed the Anniston Hotel at Mississippi City—completely and from unknown origin. Located on the beach at Mississippi City, it has stood the necessities of long past the half century mark of years.

At its prime it was the one big summer resort hotel of the Coast—notably in the days of the Hotel Montrass at Biloxi, the Palatial Mexican Gulf Hotel at Pass Christian and in contemporary time our own Bay St. Louis Crescent Hotel of Capt. J. V. Toulme's time.

But, like all frame building hotels, fire eventually claims toll.

The Anniston was a great resort hotel in its day. And when the county seat of Harrison was located at Mississippi City it flourished, enjoying an added patronage.

The loss is conservatively estimated at \$50,000. It had just been renovated preparatory for the winter season.

## NEW DEAL PAYS PENALTY.

TUESDAY'S general election over the country gives the Democrats quite a setback, giving the Republicans some eighty seats in Congress, yet, however, with a goodly margin of control for the party in power.

Gov. Lehman's re-election in New York by a narrow margin is not so complimentary and far from an endorsement of the Roosevelt regime.

Twenty-four Republican governors were elected.

President Roosevelt personally is beloved over the country, but his New Deal ideals, the theories of cracked pots the President has allowed himself to be inveigled with has served to no purpose but to bring disrepute.

President Roosevelt's experiments at cost to business over the country has proven costly to all concerned. And now the President and the Democratic party are to pay heavy toll.

## LOCAL BUSINESS CLUB ENDORSES.

BAY St. Louis Rotary Club, by resolution unanimously adopted, has endorsed the municipal gas project, to be voted by the public Saturday of this week, November 12th.

This special election is called to vote on a proposed bond issue of \$200,000 in order natural gas may be brought to this city. It is already well known the bonds are to be of no in-cumbrance on the part of local property owners and tax-payers, since the entire issue is to be revenue-bearing and self-liquidating.

If there is any objection to this proposed bond issue, none has been registered neither has any opposing voice been heard. The election should be carried without an opposing vote.

Bay St. Louis is the only city on the Gulf Coast without the tremendous advantage of natural gas.

As a result we have sustained heavy losses from time to time—and that too often.

Parties seeking to locate here and to build soon change their plans on learning of the absence of gas and invariably have located elsewhere. Thus our assessment rolls are deprived of added values and we who live here continue to bear the public burden, while the demand for more public revenue increases.

A \$25,000 building project for this city was last year abandoned for no other reason the projectors found natural gas was not available. The Echo needs not further urge the potentialities and advisability of gas for Bay St. Louis.

However, we would respectfully urge the voters to turn and cast their ballot. This is our last and only chance and we hope not to lose it because of a spirit of apathy or over-confidence.

The Echo has always advocated gas for Bay St. Louis. The local chamber of commerce has worked incessantly in interest of the cause. Our Rotary Club the past two years or more has labored for the cause in and out of season—unflinchingly and indefatigably.

Will the Rotary Club and the other public-spirited elements of our city win? We venture to prophesy in the affirmative.

## CONGRATULATIONS TO MAYOR BOURGEOIS.

IN Tuesday's Democratic primary at Waveland, Mayor Thos. J. Bourgeois was successful in capturing the nomination, which is tantamount to election.

We wish to congratulate the wide-awake and capable chief executive of our sister city on his success at the polls, which, in turn, is an endorsement of his splendid administration. And when we consider the fact, it is all the more notable that he was elected over a most worthy and honorable opponent.

Mayor Bourgeois is especially fitted for the high office. He has proven that time and again, elected so many times to the mayoralty of Waveland that at the moment the number of terms cannot be readily recalled.

He is public-spirited and is ever on the alert for the maximum improvement at the minimum cost. His program for the immediate future includes more hard-surfaced streets, with federal aid, which has been allocated; a high school department in addition to the present new grade school building and, in brief, many of the things that will mean so much for the successful administration of the town.

It is well his term of four-years will continue. He has inaugurated many things that remain to be finished and another full term will give him ample time for further accomplishment.

We want men in office who are progressive, who subscribe to the fact that standing still is going backward; men who are ever willing to go on further, to do more and to keep up in the march of progress. The success of Waveland is marked. There has been more building there in the past couple of years than any one place at any one time on the Coast.

Congratulations to Mayor Thos. J. Bourgeois.

## WWL (LOYOLA'S) NEW 50,000 WATT STATION.

THIS section and the entire Mississippi Gulf Coast joins the balance of the immediate Southern territory in congratulating WWL (Loyola University of the South) radio station at New Orleans on the occasion of its acquisition of 50,000 watts, which was formally put on the air Wednesday noon.

New Orleans Young Men's Business Club, was represented by its President, John G. Ryan, who served as master of ceremonies in presenting the Rev. Harold A. Gaudin, S. J., president of Loyola University, and other speakers.

Commentator Kaltenborn, nationally known and remembered for his interpretative comments during the recent German-Czech crisis, unable to be present spoke from the Columbia studio in New York City directly to WWL.

Congratulations go to WWL on the occasion of such a step forward. Henry Dupre, announcer, is a favorite wherever heard. He is one of the two sons of Mr. and Mrs. Walter B. Dupre who for a number of years made their home in Bay St. Louis and are well known here by the older residents.

## PERSECUTION AND ROBBERY

THE mistreatment of Jews in Germany and the extension of such brutality in other countries has aroused the indignation of civilized people throughout the world.

We are at a loss to understand this modern persecution of the Jews in totalitarian states, but it seems significant to us that it is accomplished by confiscation of the estates of the Jews. Concealed by a camouflage of radical propaganda, the program looks like mass robbery to us.

While it is the right of the German nation to decide who shall be allowed to live in Germany, the campaign against the Jews has been conducted with such ruthless severity and downright barbarity that the world quite properly condemns and denounces the German methods.

The new driver's licenses are printed on poor paper. The great seal of the State of Mississippi is so heavily printed across the front that the names of the individual holders can barely be read. The licenses are of such size that they won't fit in a card case of a man's billfold, or anything else in his pocket. They will all be illegible in a few months. Otherwise they seem to be all right. —Jackson News.

## WHAT THE PRESS IS SAYING OF MEN AND MATTERS IN EDITORIAL EXPRESSION

### ON DRIVER'S LICENSES

(Mississippi Guide)

ANOTHER bug-a-boo is about to be introduced into the state—this time it is in the form of state drivers' licenses. Now the amount of the tax isn't bad—only 25¢—and that isn't going to make or break anyone. And its basis is possible that this new regulation will annually accomplish something worthwhile in Mississippi.

But this writer has seen similar laws put into effect in other states and the whole thing has been a complete dud. A lot of questions were asked, many of which did not seem to have any bearing on the question in hand, and a person might answer true or false as he chooses. The questioner didn't seem so interested in the answers you gave as he was in moving you along so he could get two-bits from the sucker behind you. If there was any assurance that the objective of the licenses—that of safer travel—were going to be realized as a result of this new regulation—this writer couldn't possibly conceive how it was to come to pass.

### WHO PAYS THE TAXES?

(Charleston News and Courier)

THE Custer, S. D. Chronicle says that a survey discloses the rather astounding fact that if everyone had to turn over to government all income in excess of \$5000 a year, the sum collected would pay only about one-fifth of the annual cost of government, federal, state and local.

It points out that the great bulk of the tax bill must be paid by the small wage earner. He pays it in the form of hidden taxes, without being aware of it in most cases, for hidden taxes are a part of the cost of virtually everything everybody buys—food, clothing, shelter, necessities as well as luxuries. A loaf of bread is taxed 57 times.

Government's pretense that the rich carry the tax load is sheer humbug. Men, women and children in the low-income groups pay for more than their share of taxes.

restore prosperity to this state, but enough of these four-of-a-dollar pieces do add up and in addition, the licenses are renewable each year.

## INTERESTING NEWS ITEMS OF THE MOVIES AND FILM FOLK IN HOLLYWOOD

SPENCER TRACY has been borrowed from Metro by Twentieth Century for the part of Stanley in the film, "Stanley and Livingstone." It is based on the story of a newspaperman's search for the famous explorer in Africa. 90,000 feet of background film made last year by Mrs. Martin Johnson in Africa will be used in the picture.

Edward Arnold is to have the title role in "The Life of Enrico Caruso." If rights can be secured some of Caruso's records will be used in the film as Edward Arnold's voice.

Anna Sten will at last return to the screen in "Exile." Some of the other members of the cast are Alan Marshall, Walter Catlett, Edward Brophy, Ruth Donnelly and Eduardo Ciannelli.

Franchot Tone will begin rehearsal the last part of November with the Group Theater in Irwin Shaw's "Gentle People." He will complete his film work in "Katherine the Last" sometime this month.

A sequel to "Four Daughters" will be "Four Sons Meet Four Daughters." The four sons will be George Brent, Jeffrey Lynn, John Payne and Eddie Albert.

Danielle Darrieux will not return to Hollywood until the first of next year, because of illness, the studio announces.

Among the Hollywoodians who recently visited New York were Ann Southern, Raymond Massey, Mr. and Mrs. Hugh Herbert, and Minnie Dupre who has just finished her role as Ellen Fortune in "The Young in Heart."

In "A Christmas Carol," Gene Reynolds will play Scrooge as a boy, and Virginia Weilder will be cast as his sister, Fran.

Lyle Talbot played a real hero's part on Oct. 25th when he dragged his friend Franklin D. Parker to safety as his house burned. The fire was estimated to have caused a \$50,000 loss for Mr. Talbot and he also suffered severe burns.

Mary Astor will play the second feminine lead in "Midnight" opposite John Barrymore. The picture, which was originally intended for Marlene Dietrich, will have as the leads, Claudette Colbert and Don Ameche.

Ruby Keeler ended her contract with RKO recently because she was cast in a secondary part to Lucille Ball in "Beauty For the Asking." She appeared in "Mother Carey's Chickens" and was under contract with the studio for one other picture.

The first of a series of Sherlock Holmes detective stories is to be filmed in December. It will be "The Hound of the Baskervilles," and Basil Rathbone will appear as the detective and Nigel Bruce as Watson.

Polly Moran, who was co-starred in years gone by with Marie Dressler, is to stage a come-back as owner of a lunch counter in Gladys Swarthout's "Ambush."

Roland Young wears a watch on each wrist. He compares it to a spare tire on an automobile.

Barbara Stanwyck has been assigned the feminine lead in Union Pacific opposite Joel McCrea. She will have the part of the postmistress, daughter of an Irish immigrant, and should be perfect as a vigorous pioneer woman.

Peter Lorre buys books and plays which he thinks will be good picture material. He owns twenty-five which he figures will bring him about \$200,000.

## THE DATA ON SAINT STANISLAUS

(The Times-Picayune)

Brother Peter, president of Saint Stanislaus college of Bay St. Louis, and a prominent figure in school and amateur sports in this section for 30 years is hurt, and justly so, at the exaggerated rumors that have been spread concerning the 1938 St. Stanislaus team and he has submitted data on the team which show that four regular members of the Rockchaws have been at St. Stanislaus nine years each; two have attended the Bay School eight years; two have been there for seven years; one—Captain Fix—has been there four years and two others three years each.

Three of the nine-year men played the whole game against Gulf Coast Military Academy; they were Glover, Strong, and Ryan; one of the eight year men played most of the game; Captain Fix was in for the entire game and Gibbins and Folse, the two 3-year men, played throughout.

It therefore does seem grossly unfair that the St. Stanislaus team should be referred to by several of the local high school teams as an "imported" team.

Ellis Hudson, Warren Depew and C. J. Taylor, three boys who transferred to St. Stanislaus from other high schools, are playing their first years. They are the ones over whom such strong objection was raised that Brother Peter has the high school athletic associations of Mississippi and Louisiana make a ruling on their eligibility and each association ruled that under the provision that first-year men can play at boarding schools but not at the strictly day schools.

The boys therefore were eligible, though Brother Peter has expressed the opinion that the rule which is one recognized by the National High School Athletic Association, is quite unfair to the day schools.

"But I didn't make the rule" said Brother Peter, "and if boys transfer to our school and claim eligibility I certainly cannot bar them from athletics as long as they are violating no rules of eligibility. I think the rule should be changed and I will work next year to bring about such a change."

"Just now, however, our team is strong because we have 11 seniors on it and if any school would investigate our records it would be convinced there has been no 'importation' of a team here. The institution is grossly unfair to the many boys who have grown up here at St. Stanislaus and I feel sure that some of our critics will regret accusing us of violating rules."

## CROSBY NOW CAST AS HORSE-STRUCK CROONER IN "SING YOU SINNERS"

Bing Crosby fans will see their favorite star cast as a happy-go-lucky small town boy who makes good through his ability to sing and to recognize a good racehorse when he sees one, in his latest picture, "Sing You Sinners," which opens Sunday and Monday at the A. & G. Theater. In this madcap comedy, which was written specially for him by the ever-popular Claude Binyon, Bing shares the spotlight with Fred MacMurray. The hand-picked supporting cast includes Elizabeth Patterson, Donald O'Connor and Ellen Drew.

As the story opens, moviegoers are introduced to the "Beebe" family in one of their typically mad moments. One of the brothers, MacMurray, a hardworking and serious-minded fellow, entertains high hopes of marrying his boyhood sweetheart, played by Miss Drew, but cannot do so until Bing manages to get a job, a thing for which the lackadaisical young man seems temperamentally unfitted.

When Bing leaves the home town for Los Angeles, things begin to happen thick and fast. After making a killing on a racehorse, he buys a "swapshop," but by the time his relatives arrive to share in his good fortune he has traded his business for a horse of doubtful abilities. The day of the race finds the "Beebes" not only with all their capital invested in the horse but with the next ten weeks' salary of their singing act bet on the animal.

Interspersed in the action of the story are four new hits songs from the pens of some of Hollywood's ranking composers. They are: "Shall I Fry," by Hoagy Carmichael and Frank Loesser, and "I've Got a Pocket Full of Dreams," "Don't Let That Moon Get Away" and "Laugh and Call It Love," by John Burke and James V. Monaco, who wrote the music for "Doctor Rhythm."

**UNITS OF PULPWOOD MEASURE.**

(Compiled Specially For the Sea Coast Echo)

The standard cord consists of a rick of wood measuring 4 feet by 4 feet by 8 feet containing 128 cubic feet. A cord of four foot wood will contain approximately 90 cubic feet of solid wood.

Although the standard cord is approved and commonly accepted basis for measuring fuel wood the practice of cutting pulpwood 4 1/2 and 5 feet long has given rise to the long cord or "unit."

A "unit" of 5-foot wood contains (5 x 4 x 8 - 160) 160 cubic feet or 1 1/4 standard cords. A "unit" of 4 1/2 foot wood contains (4 1/2 x 4 x 8 - 144) 144 cubic feet or 1-1-8 standard cords. Both of these units of measure are used in Mississippi.

Pulpwood is cut into 4 1/2 or 5 foot lengths for ease of handling on trucks. The cost of cutting and handling is also reduced by using 4 1/2 or 5 foot lengths instead of 4 foot lengths.

On cutting operations the "pen" is often used as a basis for paying cutters. A "pen" may be made up of 4 1/2 or 5 foot wood piled in layers to form a hollow cube. Each layer consists of 2 sticks laid crosswise on the preceding layer somewhat after the manner of a log cabin. The "pen" consists of sufficient layers to reach 6 feet in height. Five pens are supposed to make a cord or unit. Wood cutters are often paid so much per pen for cutting and penning pulpwood.

The "pen" is not an accurate basis for cordwood volume measurement and could never be used as a basis for selling wood. For example a series of 5 pens made up of wood measuring 6 inches in diameter and 4 feet long will contain 1 standard cord or if wood is 4 1/2 or 5 feet long 1 unit. The same number of pens built from 12-inch wood will contain 2 cords if wood is 4 feet long or 2 units if wood is 4 1/2 or 5 feet long. Because "pens" are usually built up of sticks of varying sizes it is impossible to work out an accurate factor to convert pen measure to cord measure or "unit" measure.

A fair and accurate way to measure pulpwood is to determine the dimensions of wood in ricks or ricks or as piled on trucks or cars. By measuring the height of the rick, its length and the length of the stick, the cubic feet volume can be readily obtained by multiplying the height by the length of the rick by the length of the stick.

For example a rick of 5 foot wood piled 6 feet high and 20 feet long will contain—  
5 x 6 x 20 equals 600 cubic feet  
600 — 128 equals 4-6 standard cords  
600 — 160 equals 3-7 units of 5 foot wood.

If wood is purchased on a basis of "units" instead of standard cords the price should be increased accordingly and the purchase contract should definitely state the unit of measure to be used.

Keep in mind the following:  
4 ft. x 4 ft. x 8 ft. equals 128 cubic feet equals 1 standard cord.  
4 1/2 ft. x 4 ft. by 8 ft. equals 144 cubic feet or 1-1-8 standard cords.  
5 ft. x 4 ft. x 8 ft. equals 160 cubic feet equals 1 1/4 standard cords or 1 unit.

## Immediate Improvements Announced for Edgewater

According to public announcement, work will begin this week on repairs and improvements to the Edgewater Gulf Hotel, situated midway between Biloxi and Gulfport, preparatory to the formal opening December 20 for year-round business. D. O. Conwill manager.

The Edgewater was recently sold to Florida hotel interests and will be operated on wide and national scale, catering to tourists and conventions and general transient guests.

Improvements contemplated at this time include water proofing of the building, installation of venetian blinds and recarpeting the floors. The entrance to the drive to the hotel will be widened and the grounds and golf course is being seeded with winter grass.

Local postoffice will be only opened one hour today, Friday, November 11, Armistice Day—from 8 to 9 A. M. And, in further observance of the day, there will be no carrier deliveries announces Post Master Leo G. Ford.

This is the first time Armistice Day is declared a legal holiday, declares the P. M., and, accordingly, holiday rules and regulations will be in force.

## DIVORCE DECREE GRANTED.

Chancery Court for Hancock is in session this week, on Wednesday, by its chancellor signed, the final decree divorcing J. B. Wheat and Thelma Sylvest, both of this county.

—Mr. George R. Rea returned home Wednesday from Dallas, Texas, where he attended a conference of executives of Kappa Sigma fraternity of which he is a national officer—an honored trust he has held for years. He left for the Texas centennial city Saturday evening by rail.

—Mr. and Mrs. Laurent Kergosien and Mrs. W. Douglas Bourgeois left Saturday for a motor trip to Monroe, La., where they visited their relatives, Mr. and Mrs. John Gaines. They returned to Bay St. Louis accompanied by Mrs. Horace L. Kergosien, who has been visiting her parents Mr. and Mrs. Gaines and family, the past several weeks.

—Mrs. Harrison Smith, who has been seriously ill with a flu ailment, is convalescing, and as cashier of Smith's Cash Grocery, Main street, she has been missed by a wide circle of patrons. Mr. and Mrs. Smith recently moved into their late-acquired property, joining St. John street.

—Miss Mary Wingerter, affectionately known as "Miss Mary" and former professional superintendent of infirmary at St. Stanislaus College, has returned from New York City, where she spent the entire summer. Domiciled with Mrs. Kate Conner, Union street, she will spend the winter in our balmy Southern clime.

—A recent announcement from New Orleans conveys the pleasing intelligence of the birth of a son to Mr. and Mrs. Edwin Fuch, who spent a greater portion of the summer visiting with the former's mother, Mrs. Clemence Joubert-Chadwick. The young couple are well known in New Orleans and the Coast who will learn with pleasure of the advent of the new joy.

—Mr. and Mrs. Claude Kohler who have been residing here the past couple years, and who left recently to reside in New Orleans for the winter, came out the past week-end and visited at the home of Mr. and Mrs. Max T. Kohler, North Beach boulevard. They came out to return home with their young son, but the fond grandparents and grandson unanimously agreed otherwise.

—Mr. Jos. R. Scharff, now residing in the former Benvenuti home at Cedar Point, has leased the Moreau property at 114 Carroll avenue and will take possession of same on or before Nov. 15, awaiting the completion of improvements now in progress. ## FLEAS AND FLIES PROMISE EXCITING GAME NOVEMBER 20.

The teams of small boys chosen each year for the past seventeen years at the college to contend in the annual Flea-Fly classic have gone into secret practice. Occasional rumors as to the powers of each team make one guess that the contest will be terrific. The Fleas are rumored to have one of the deadliest passing attacks in their history, while the Flies are very quietly that they work so fast they finish practice a half-hour early.

On Sunday, November 20, the superiority will be decided in the college stadium.

With an extraordinary show planned for the half by the St. Joseph Academy sponsors, all may look forward to a pleasant and never-to-be-forgotten afternoon, when this long-standing annual event occurs.

## SUCCESSFUL CARD PARTY.

Members of St. Margaret's Daughters, local charity dispensing organization, held a successful card party Friday afternoon at St. Joseph Memorial Hall. The weather propitious and the cause self-appealing, attendance was favorable. Mrs. G. Y. Blaize, president, (who is also president of the local State section of National Council of Catholic Women) was assisted by the executive members of the committee in charge, Mrs. Charles A. Gordon, Mrs. Claude Monti and Mrs. G. Gilbault.

The entrance prize was drawn by Miss June Elliott and the cake was won by Miss Margaret Green. Mrs. Blaize wishes to thank all who gave so generously. The neat sum of \$30.00 was realized.

## GULF THEATER HAS MANY FEATURE NIGHTS EACH WEEK.

Attention Everyone

You only have Thursday to see your favorite stars altogether in one of the best pictures of the season. You'll be surprised to hear Fred MacMurray sing but we can't start to tell of all the surprises in this picture. Harriet Hilliard sings some of the latest song hits which catches Fred's attention and starts the beginning of the new love team. The Yacht Club Boys are back with more laughter and gags. Ben Blue, the dancing wonder of the world. We are sure every member of the family will enjoy this picture as it contains everything that a good picture should have; hardship, love, laughter, sorrow, joy, and more laughter. We know you will enjoy Coconut Grove.

Friday Our Special Pal Night. We want to announce that Pal Night is a big hit with the Pals of the Gulf Theater and we must say that it is also due to the fine pictures that go along with Pal Night. This week is a different type picture.

It is an interesting mystery case that holds your close attention to the end. The title of this mystery is "Westland Case."

Saturdays Regular Bank Night \$115. The screen now brings you the new singing wonder child, 13 year old of movieland. Edith Fellows sings her way right into Hollywood and your hearts with Leo Carrillo and a great supporting cast in "Little Miss Roubineck." Also, the 11th chapter of Robinson Crusoe of Clipper Island. Last on the great Saturday program is Bank Night. This week's drawings will amount to \$115.00. You may be one of the lucky winners so be sure to be there.

Sunday and Monday—Comedy-Melodrama. Jane Withers as "Angel" is the central player of "Angels Holiday" but action and dialogue are well blended and the various situations are intelligently established. Spectacular interludes, particularly Miss Withers mimicking Joan Davis' song numbers.

Long Delayed Work Of Landscaping P. O. Building in the Making

Calver Hoffman, resident nurseryman and landscape specialist, residing at Waverly, Ala., secured the contract from the federal government for landscaping the front and side grounds of the new Bay St. Louis postoffice building, and Wednesday morning had a force of some ten men removing the old lawn surface, fertilizing and preparing the grounds for planting, which will begin in about ten days hence.

The contract calls for a new lawn growth and the planting of a number of ornamental shrubs, all according to plans and specifications of government architect. The work includes drainage, landscaping, supplying plants and the proper planting of same. This work has been advertised for bids time and again, former bids rejected or the successful bidder failing to meet subsequent requirements, especially as to character of selection of shrubs.

Mr. Hoffman specializes in doing this kind of work for the government, an experienced worker in his line, having in progress just now several similar projects in preparation over a number of Southern States.
